

OVERVIEW

Precision Dynamics Corporation

With 50 years of experience, PDC is the pioneer in wristband identification, delivering innovative and reliable solutions to organizations and governments in over 100 countries worldwide. Our quality system meets the requirements of the International Standards Organization ISO-9001: 2000 and ISO-13485: 2003 certification, representing the finest in product service, design, and manufacturing.

PDC serves a variety of markets, including healthcare, entertainment/recreation, law enforcement, and mortuary. We are the industry leader by size, breadth of product and innovation, and the pioneer in the development of automatic identification solutions. These include PDC's patented bar code and radio frequency identification (RFID) wristband systems, which provide accuracy, superior security, and streamlined operations.

Additional Market Leading Products

In addition to our identification solutions, we offer an expanding line of premier products for labor and delivery, urology, mortuaries, as well as an Age ID Verification system, AgeBand[®], and cashless RFID point-of-sale systems, including Smart Kiosk[™].

Powerful Strategic Alliances

PDC joins forces with the world's leading companies to provide total solutions for today's networked world. PDC's global partners include Texas Instruments, Hewlett Packard, Cardinal Health, McKesson, and many others. View a list of our partners on our web site:
